

Vinyl laminated gypsum ceiling tiles

Thickness) 	7mm - 9mm - 9.5 mm - 12.5 mm
Dimension) Additional sizes on request 	595mm*595mm 593mm*593mm 603mm*603mm
Edge 	Board
Material	Top quality gypsum board
Thermal conductivity 	Resistant to 95 % humidity and standing water
Moisture Rate	<1%
Strength	>150 N
Unit weight	< 7KG/m2
Noise reduction coefficient	0.1-0.3
Light reflectance	0.75
Components	Consist of gypsum glass fiber reinforced covered from the top with washable Vinyl, and the bottom from Aluminum foil
Sagging Resistant properties	Warranty against visible sag
